

Introducing the New Super Bruise Buster®

Finally, an environmentally friendly solution to keep your produce looking its freshest! The new and improved Bruise Buster® from Marco is constructed of urethane foam with a durable outer skin that is virtually indestructible and lasts years in the field. The non-stick surface repels food labels and the tough skin resists moisture, contamination and cuts from box knives. Each unit now comes in one piece for quick and easy set-up and ships UPS.

- Earth Friendly
- Vinyl-Free
- Fully Recyclable
- Non-Flammable
- Custom Colors Available

- Can be cleaned with any standard cleaning solution
- Manufacturing process does not affect the environment
- Color will not fade
